

You Are in Charge! Elect Your Caregiver from Our Experienced Staff

"There's no place like home. There's no place like home. There's no place like home." (Dorothy: Wizard of Oz) We all agree there is no place like home when it comes to feeling comfortable and secure. Sometimes institutions seem like the only option, but **Absolute Angels** in-home care service allows your loved ones the freedom to maintain daily routines and enjoy their sentimental surroundings. We can relieve you and your loved one of the emotional trauma of having to abandon home. **Absolute Angels** believes you and your family should have a choice about where, how, and who will provide your care.

YOU ARE IN CHARGE!

It is standard for a homecare agency to send the caregiver of *their* choice. At **Absolute Angels** you have the opportunity to meet and interview the caregiver recommended by our Mental Health Administrator. We know it isn't easy to invite a new caregiver into your life. That's why our policy of prior caregiver approval is appreciated so much. Our "U R in Charge" approach is designed to maximize your peace of mind by choosing a caregiver you have faith in....

SECURITY IS CRUCIAL

...and you can have faith in **Absolute Angels**. We fingerprint, background check, insure, and bond every Angel. Additionally, our Director of Admissions, who has a Masters in Mental Health, screens applicants to insure that the right type of personality is present for a caregivers' career....

EXPERIENCE

Our staff is comprised of Angels who have background and degrees in the people helping professions: such as Human Resources, Business, Mental Health Counseling, QMRP for the Developmentally Disabled, Certified Nursing Assistant, Psychology, Nursing, Professional Education, Guidance Counseling, and Biblical Studies for those "end of life" conversations.

In addition, **Absolute Angels** is a member of a not-for-profit organization that promotes the education of caregivers. With 210 local care giving agencies as members, we are able to network and brainstorm daily via list serve on unique situations that arise in care giving. Although franchisors have their strength, "out of the box" thinking is reserved for those not required by contract to only respond to clients in a corporate way.

YOU CAN AFFORD THE VERY BEST

Because your loved one receives *homecare*, they receive the best care available. No need to worry about too many patients competing for the attention of staff because you or your loved one are the only ones being care for in your home.

As for expense, most people do not need to pay for "round the clock care" when perhaps a dozen hours per week is sufficient to maintain independence.

Finally, it is unnecessary to pay franchise fees. A large portion of profit is sent to a franchisor's national office. At **Absolute Angels**, profit is placed back into the hands of caregivers. A well paid caregiver is a motivated, happy, and reliable worker.

WE'RE PROACTIVE

At **Absolute Angels**, "no grass grows under our feet." Our Angels' activities can be computer monitored. When an Angel arrives at your home, they call in via a computerized telephone system which records the exact time they arrived. If an Angel is delayed, our office is immediately and automatically notified so that we may respond with a replacement before your loved one becomes upset. Upon completion of our Angels' daily assignment, once again the computer program records exactly when they leave. There is no need to bother you or your loved one with the signing of time cards and no possibility of a misunderstanding occurs over hours. All **Absolute Angels** does is check the real time records in our computerized accounting system. Since this system *only* works off your family's telephone, there are no over or under billings, we know exactly what is going on and when, and everybody has peace of mind.

15 MINUTE RESPONSES

At **Absolute Angels** we have a "No Wait Policy." If it is an emergency to you it is an emergency to us. If you call after ordinary business hours, you will be asked if you want to speak with our counselor or contacted the following day. *For medical emergencies dial 911.*

**Programs and Policies may change without notice.
**All services are provided without regard to race, age, color, religion, sex, disability, national origin, or ancestry.*
